## ZACATECAS

We have access to some of the best Goulds turkey hunting in all of Mexico here. Incredible numbers of birds and an amazing lodging here on our leased ranches. Come and complete your Royal Slam or World Slam with us in the beautiful State of Zacatecas! We offer 4-day Gould's turkey hunts in this less visited area of Mexico. You will fly into Zacatecas City (ZCL) or Aguascalientes where you will be picked up by one of our team and taken to the private ranches. You will stay in a nice cabin, equipped with full bathrooms, hot showers, solar power and the warm Mexican hospitality.

We have two separate hunting areas, with separate hunting lodges. One ranch is a remote mountain retreat tucked in near 9500 ft of elevation. This remote camp allows you to escape away from the day to day rush and relax in the mountains of Zacatecas. Enjoy gobblers strutting thru camp or take in amazing views at the base of the lodge. Our second modern lodge is nestled in another region of Zacatecas.

A log cabin resting next to a small lake will allow our guests to feel like they are in a modern-day lodge in the US. You will be greeted here with fantastic numbers of gobblers, spectacular views and great Mexican cuisine at both locations. We use vehicles to get to the previously scouted area, where your professional guide will hunt with you on foot, calling the birds from sunrise to sunset. We do like to enjoy a late morning siesta after an amazing breakfast, before we leave for our afternoon hunts.
